

## **Clinical Psychologist - Vancouver Island**

Campbell & Fairweather Psychology Group - Nanaimo, BC

Campbell & Fairweather Psychology Group is a private psychology practice dedicated to providing the highest quality clinical services to the Vancouver Island community. As one of the largest psychological health care providers on Vancouver Island, Campbell & Fairweather is a broad range full-service clinic that aims to respond to client needs in a timely and exemplary manner.

Affiliated directly with C&F is the Vancouver Island Centre for Emotionally Focused Therapy (VICEFT) which was created by Dr. Leanne Campbell and Dr. David Fairweather (both ICEEFT certified EFT Trainers), in association with EFT founder Dr. Susan Johnson, to offer couple, family, and individual therapy to the communities of Vancouver Island, as well providing training and supervision opportunities to therapists seeking certification in EFT.

Since opening in 2006, our practice has been anchored by the belief that a collaborative approach, emphasizing positive relationships and communication within our team, as well as with other community professionals, allows for better continuity of care for clients, as well as positive and sustainable outcomes. In keeping with our ongoing desire to keep our “work family” cohesive and energized, we additionally emphasize staff wellness and development.

### **Current Opening:**

Are you a psychologist who is interested in full-time private practice in the Nanaimo area? Are you interested in joining a vibrant group of clinicians and staff who value collaboration, exemplary service, and working and growing together in a cohesive and supportive environment?

If so, we believe that you could be an excellent addition to our team.
